RE: Saad Site
Nashville, Tennessee

Dear Mary Jane and Drew:

As we discussed on the telephone today, this letter confirms that EPA, Region IV, approves of the Removal Action Field Investigation Work Plan for Phase II of the on-going removal action at the Saad Site in Nashville, Tennessee as modified in accordance with the comments of Drew's August 7, 1992 letter to me. Also, the Waste Management Division Director, Joseph R. Franzmathes, executed today the Administrative Order on Consent regarding the continuation of the removal at the Saad Site. I will forward to you an executed copy of the Consent Order as soon as I receive it.

Please remember that, based on my recent conversations with Drew, I am waiting to receive a letter outlining Ellis Saad's final response to the Steering Committee's efforts to negotiate access to the Site.

If you have any questions or comments, please do not hesitate to contact me at (404) 347-2641, extension 2283. I look forward to hearing from you.

Sincerely,

Elizabeth B. Davis
Assistant Regional Counsel
